EDUCATION

Tshwane University of Technology (TUT)
BEngTech Mechanical Engineering
2025 – Present

Shanke Senior Secondary School
National Senior Certificate (NSC)
Matric: **Bachelor Pass**
Completed: 2024

SKILLS

- Mechanical Design
- Engineering Drawing
- 3D Modelling (SolidWorks)
- MATLAB (Basic)
- HTML, CSS, JavaScript
- Full Stack Web Development Basics
- CNC Programming
- Mechanical Analysis & Practical Laboratory Techniques

LANGUAGE

English

Isizulu

PROFILE

Motivated first-year Mechanical Engineering student at Tshwane University of Technology with strong interests in mechanical design, CAD modelling, thermodynamics, and robotics. Equipped with digital literacy and programming knowledge from accredited institutions. Passionate about innovation, technology, and using engineering solutions to improve society. Dedicated to academic excellence, teamwork, and continuous learning.

EXPERIENCE

2025

Full stack development Certification

Certified Student Developer

- Completed training in HTML, CSS, JavaScript.
- Built basic interactive websites and applications.
- Strengthened problem-solving and digital innovation skills.

IC3 Digital Literacy Certification

Certified Computer User

- Certified in Computer Fundamentals, Key Applications, Living Online.
- Developed strong digital skills essential for academic and engineering tasks.

CNC Machine Programming

Student Machinist

- Learned fundamentals of CNC machine operation and basic G-code programming.
- Performed part creation using CNC workflow processes.
- Gained experience with manufacturing tools, precision measurement, and workshop safety.
